

TANYA

Norwood

Tanya Norwood, a registered nurse, earned her Bachelor of Science degree in nursing from Howard University. After working nine years as a critical care nurse, she obtained her master's degree in nursing from Ursuline College and is Certified in Critical Care as an Advanced Practice Nurse. She is passionate in sharing and teaching others in a way that encourages and highlights their God given gifts and potential.

Throughout the past 29 years of her nursing career, she has found herself in positions where she has taught and mentored students, nurses, and providers. Topics range from career development to optimizing the safety standards of hospital care. As a respected nursing professional, she has served as the project manager for various new hospital initiatives, and she has worked with teams to implement system-wide changes.

These opportunities have afforded her to work with a team to publish a chapter in a nursing textbook and publish critical care nursing articles.

Overall, Tanya enjoys sharing with others any information she has that will encourage and help others. Under the Leadership of Pastor Michael Armour and Assistant Pastor Sharonda Armour, Tanya enjoys teaching Sunday School to the youth at her local church.
